

The Hated Outsiders: How Manifest Destiny Affected The Japanese and the Jews

The reason this book is being written is because three cultural histories have been left out of the standard texts used in the schools of America. What is African history as it relates to Black slave history in America? The Manifest Destiny created by the black slave revolt in Haiti will bring about the sale of what is now known as the Louisiana Purchase in 1803. Secondly, what is the history of the Jews, and what is the history of the Jews in America? Jewish history is not just a few chapters in the Bible. It is 5771 years old and was accelerated in 1948 with the formation of Israel. Finally, Japan: Why did Japan attack Pearl Harbor? Why have the Emperors of Japan not laid a wreath on the U.S.S. Arizona? Answers to these questions are contained herein showing the three combined cultures impact is greater on today's issues that affect this country - and world. The Puritan called America the new Israel, as they pictured this land full of opportunities. Almost bankrupted by the Revolutionary War, having a low population, we will set a course across to the Mississippi River and start encountering cultures, peoples and histories that will be foreign to European mindsets. Christianity and greed will be the new mantra as we will not stop at our Western shores, but by 1903 we will be at the front door of China. Looking back at these huge lands America acquired, will also show the problems we will layer over these non-Christian peoples. Wealth will be the stimulus and free trade a goal, so we will compete with the other Europeans. America will also show its dark side in the history of the 19th and 20th centuries at home, in Asia and the Middle East.
